

Building Blocks Parking

Gaul Dr.

Dear Building Blocks Parents,

Here is a reminder about the procedure that we expect in the parking lot and drive thru area. On the back of this note is a diagram of the proper direction in which to enter and exit out of the parking lot. For those who use the parking spots in the front of the building we ask that you please use the north entrance and exit out of the south entrance. For those who use the covered drive thru we ask that you enter through the south entrance and exit out the north. Also, in respect for others please pull all the way through the drive thru area to allow for more cars to fit in the space. If you know you will be stopping in for more than five minutes we ask that you park in the spots provided. Please do not leave your car unattended in the drive thru area for more than 5 minutes. One other concern we would like to address is parking on the west side of the flower bed. Parking there does not allow those parked in the spaces to be able to back out of the spots. We ask that you do not park there. If you have any questions please feel free to talk with Stacy or Courtney. We thank everyone for their cooperation in our attempt to create a more safe and accessible parking lot.

Thank you,
Building Blocks Staff
